NYSGA FOUNDATION

the 2011 Annual Giving Fund

**Serving All of Golf
in New York State**

WWW.NYSGA.ORG/FOUNDATION

your support helps the NYSGA deliver programs that grow the game of golf and positively impact young people.

The New York State Golf Association Foundation operates a variety of junior golf programs across Upstate NY and also provides funding to other organizations that conduct junior golf programs. In 2010, over \$40,000 was given by the NYSGA Foundation to fund these initiatives. More than 6,000 children will participate in our supported programs in 2011.

Initiatives:

Scholarships - are awarded to New York State students studying agronomy, professional golf management or turf grass management.

National School Program - the NYSGA has funded Upstate NY elementary schools to teach golf to students in gym class. At a cost of approximately \$3,000 per school, twenty schools have received the program through NYSGA funding.

Kids on Course - works to provide deserving youth with the opportunity to practice and play at local golf facilities for discounted rates. Also sets up free clinics to promote kids learning the game.

Key Components:

Youth and families - Golf is a great game for kids and a wonderful way to spend time together as a family for their entire lives.

Values - Golf embodies strong values like sportsmanship, integrity and respect. The National School Program teaches these values while introducing golf to kids during elementary school gym classes.

Accessibility - Youth and new golfer participation through affordable programs.

Leaders - The scholarship program supports students learning golf related fields. These graduates will become the golf instructors and course superintendents at golf courses for the next generation.

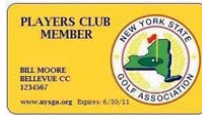

Levels of giving:

Make a pledge per golf round - We will track your rounds posted using your club's handicap software and process payment at the end of the active golf season.
