Murphy, V - Note: The World Handicap System requires full precision to be maintained in intermediary calculations. Rounding is performed only once and as the last step.

The Course Handicap is being calculated for **All 18** holes.

The initial index is **18.5**.

This player is on the **Green-Yellow - Ladies** tee, the slope is **125**, the rating is **70.2** and the par is **72**.

The Course Handicap is calculated as **index * slope / 113 = 18.5 * 125 / 113 = 20.464....** The CR - P adjustment of **70.2 - 72 = -1.8** is applied. The resulting Course Handicap is **18.664....**

The handicap adjustment percentage of **90.0%** is applied. The Playing Handicap becomes **16.798....** After rounding, the Playing Handicap is **17**.

The player handicap is unaffected by the maximum handicap setting.

Aiken, K - Note: The World Handicap System requires full precision to be maintained in intermediary calculations. Rounding is performed only once and as the last step.

The Course Handicap is being calculated for **All 18** holes.

The initial index is **14.0**.

This player is on the **Green-Yellow - Ladies** tee, the slope is **125**, the rating is **70.2** and the par is **72**.

The Course Handicap is calculated as **index * slope / 113 = 14.0 * 125 / 113 = 15.486....** The CR - P adjustment of **70.2 - 72 = -1.8** is applied. The resulting Course Handicap is **13.686....**

The handicap adjustment percentage of **90.0%** is applied. The Playing Handicap becomes **12.318....** After rounding, the Playing Handicap is **12**.

The player handicap is unaffected by the maximum handicap setting.

Anderson, R - Note: The World Handicap System requires full precision to be maintained in intermediary calculations. Rounding is performed only once and as the last step.

The Course Handicap is being calculated for **All 18** holes.

The initial index is **12.1**.

This player is on the **Green** tee, the slope is **117**, the rating is **67.6** and the par is **72**.

The Course Handicap is calculated as **index * slope / 113 = 12.1 * 117 / 113 = 12.528....** The CR - P adjustment of **67.6 - 72 = -4.4** is applied. The resulting Course Handicap is **8.128....**

The handicap adjustment percentage of **90.0%** is applied. The Playing Handicap becomes **7.315....** After rounding, the Playing Handicap is **7**.

The player handicap is unaffected by the maximum handicap setting.

Assini, C - Note: The World Handicap System requires full precision to be maintained in intermediary calculations. Rounding is performed only once and as the last step.

The Course Handicap is being calculated for **All 18** holes.

The initial index is **10.0**.

This player is on the **Blue/White Combo** tee, the slope is **127**, the rating is **69.2** and the par is **72**.

The Course Handicap is calculated as **index * slope / 113 = 10.0 * 127 / 113 = 11.238....** The CR - P adjustment of **69.2 - 72 = -2.8** is applied. The resulting Course Handicap is **8.438....**

The handicap adjustment percentage of **90.0%** is applied. The Playing Handicap becomes **7.595....** After rounding, the Playing Handicap is **8**.

The player handicap is unaffected by the maximum handicap setting.

Belair, A - Note: The World Handicap System requires full precision to be maintained in intermediary calculations. Rounding is performed only once and as the last step.

The Course Handicap is being calculated for **All 18** holes.

The initial index is **21.1**.

This player is on the **Green** tee, the slope is **117**, the rating is **67.6** and the par is **72**.

The Course Handicap is calculated as **index * slope / 113 = 21.1 * 117 / 113 = 21.846....** The CR - P adjustment of **67.6 - 72 = -4.4** is applied. The resulting Course Handicap is **17.446....**

The handicap adjustment percentage of **90.0%** is applied. The Playing Handicap becomes **15.702....** After rounding, the Playing Handicap is **16**.

The player handicap is unaffected by the maximum handicap setting.

Bergsten, V - Note: The World Handicap System requires full precision to be maintained in intermediary calculations. Rounding is performed only once and as the last step.

The Course Handicap is being calculated for **All 18** holes.

The initial index is **17.8**.

This player is on the **Green** tee, the slope is **117**, the rating is **67.6** and the par is **72**.

The Course Handicap is calculated as **index * slope / 113 = 17.8 * 117 / 113 = 18.430....** The CR - P adjustment of **67.6 - 72 = -4.4** is applied. The resulting Course Handicap is **14.030....**

The handicap adjustment percentage of **90.0%** is applied. The Playing Handicap becomes **12.627....** After rounding, the Playing Handicap is **13**.

The player handicap is unaffected by the maximum handicap setting.

Brady, T - Note: The World Handicap System requires full precision to be maintained in intermediary calculations. Rounding is performed only once and as the last step.

The Course Handicap is being calculated for **All 18** holes.

The initial index is **19.6**.

This player is on the **Green** tee, the slope is **117**, the rating is **67.6** and the par is **72**.

The Course Handicap is calculated as **index * slope / 113 = 19.6 * 117 / 113 = 20.293....** The CR - P adjustment of **67.6 - 72 = -4.4** is applied. The resulting Course Handicap is **15.893....**

The handicap adjustment percentage of **90.0%** is applied. The Playing Handicap becomes **14.304....** After rounding, the Playing Handicap is **14**.

The player handicap is unaffected by the maximum handicap setting.

Brozyna, G - Note: The World Handicap System requires full precision to be maintained in intermediary calculations. Rounding is performed only once and as the last step.

The Course Handicap is being calculated for **All 18** holes.

The initial index is **16.1**.

This player is on the **Blue/White Combo** tee, the slope is **127**, the rating is **69.2** and the par is **72**.

The Course Handicap is calculated as **index * slope / 113 = 16.1 * 127 / 113 = 18.094....** The CR - P adjustment of **69.2 - 72 = -2.8** is applied. The resulting Course Handicap is **15.294....**

The handicap adjustment percentage of **90.0%** is applied. The Playing Handicap becomes **13.765....** After rounding, the Playing Handicap is **14**.

The player handicap is unaffected by the maximum handicap setting.

Butterini, D - Note: The World Handicap System requires full precision to be maintained in intermediary calculations. Rounding is performed only once and as the last step.

The Course Handicap is being calculated for **All 18** holes.

The initial index is **15.6**.

This player is on the **Green** tee, the slope is **117**, the rating is **67.6** and the par is **72**.

The Course Handicap is calculated as **index * slope / 113 = 15.6 * 117 / 113 = 16.152....** The CR - P adjustment of **67.6 - 72 = -4.4** is applied. The resulting Course Handicap is **11.752....**

The handicap adjustment percentage of **90.0%** is applied. The Playing Handicap becomes **10.576....** After rounding, the Playing Handicap is **11**.

The player handicap is unaffected by the maximum handicap setting.

Caceci, M - Note: The World Handicap System requires full precision to be maintained in intermediary calculations. Rounding is performed only once and as the last step.

The Course Handicap is being calculated for **All 18** holes.

The initial index is **18.0**.

This player is on the **Green** tee, the slope is **117**, the rating is **67.6** and the par is **72**.

The Course Handicap is calculated as **index * slope / 113 = 18.0 * 117 / 113 = 18.637....** The CR - P adjustment of **67.6 - 72 = -4.4** is applied. The resulting Course Handicap is **14.237....**

The handicap adjustment percentage of **90.0%** is applied. The Playing Handicap becomes **12.813....** After rounding, the Playing Handicap is **13**.

The player handicap is unaffected by the maximum handicap setting.

Caddell, A - Note: The World Handicap System requires full precision to be maintained in intermediary calculations. Rounding is performed only once and as the last step.

The Course Handicap is being calculated for **All 18** holes.

The initial index is **12.4**.

This player is on the **Blue/White Combo** tee, the slope is **127**, the rating is **69.2** and the par is **72**.

The Course Handicap is calculated as **index * slope / 113 = 12.4 * 127 / 113 = 13.936....** The CR - P adjustment of **69.2 - 72 = -2.8** is applied. The resulting Course Handicap is **11.136....**

The handicap adjustment percentage of **90.0%** is applied. The Playing Handicap becomes **10.022....** After rounding, the Playing Handicap is **10**.

The player handicap is unaffected by the maximum handicap setting.

Caron, S - Note: The World Handicap System requires full precision to be maintained in intermediary calculations. Rounding is performed only once and as the last step.

The Course Handicap is being calculated for **All 18** holes.

The initial index is **6.4**.

This player is on the **Blue/White Combo** tee, the slope is **127**, the rating is **69.2** and the par is **72**.

The Course Handicap is calculated as **index * slope / 113 = 6.4 * 127 / 113 = 7.192....** The CR - P adjustment of **69.2 - 72 = -2.8** is applied. The resulting Course Handicap is **4.392....**

The handicap adjustment percentage of **90.0%** is applied. The Playing Handicap becomes **3.953....** After rounding, the Playing Handicap is **4**.

The player handicap is unaffected by the maximum handicap setting.

Chang, L - Note: The World Handicap System requires full precision to be maintained in intermediary calculations. Rounding is performed only once and as the last step.

The Course Handicap is being calculated for **All 18** holes.

The initial index is **31.8**.

This player is on the **Green-Yellow - Ladies** tee, the slope is **125**, the rating is **70.2** and the par is **72**.

The Course Handicap is calculated as **index * slope / 113 = 31.8 * 125 / 113 = 35.176....** The CR - P adjustment of **70.2 - 72 = -1.8** is applied. The resulting Course Handicap is **33.376....**

The handicap adjustment percentage of **90.0%** is applied. The Playing Handicap becomes **30.039....** After rounding, the Playing Handicap is **30**.

The player handicap is unaffected by the maximum handicap setting.

Clingersmith, B - Note: The World Handicap System requires full precision to be maintained in intermediary calculations. Rounding is performed only once and as the last step.

The Course Handicap is being calculated for **All 18** holes.

The initial index is **14.4**.

This player is on the **Green** tee, the slope is **117**, the rating is **67.6** and the par is **72**.

The Course Handicap is calculated as **index * slope / 113 = 14.4 * 117 / 113 = 14.909....** The CR - P adjustment of **67.6 - 72 = -4.4** is applied. The resulting Course Handicap is **10.509....**

The handicap adjustment percentage of **90.0%** is applied. The Playing Handicap becomes **9.458....** After rounding, the Playing Handicap is **9**.

The player handicap is unaffected by the maximum handicap setting.

Coene, J - Note: The World Handicap System requires full precision to be maintained in intermediary calculations. Rounding is performed only once and as the last step.

The Course Handicap is being calculated for **All 18** holes.

The initial index is **12.3**.

This player is on the **Green** tee, the slope is **117**, the rating is **67.6** and the par is **72**.

The Course Handicap is calculated as **index * slope / 113 = 12.3 * 117 / 113 = 12.735....** The CR - P adjustment of **67.6 - 72 = -4.4** is applied. The resulting Course Handicap is **8.335....**

The handicap adjustment percentage of **90.0%** is applied. The Playing Handicap becomes **7.501....** After rounding, the Playing Handicap is **8**.

The player handicap is unaffected by the maximum handicap setting.

Craig, D - Note: The World Handicap System requires full precision to be maintained in intermediary calculations. Rounding is performed only once and as the last step.

The Course Handicap is being calculated for **All 18** holes.

The initial index is **10.7**.

This player is on the **Blue/White Combo** tee, the slope is **127**, the rating is **69.2** and the par is **72**.

The Course Handicap is calculated as **index * slope / 113 = 10.7 * 127 / 113 = 12.025....** The CR - P adjustment of **69.2 - 72 = -2.8** is applied. The resulting Course Handicap is **9.225....**

The handicap adjustment percentage of **90.0%** is applied. The Playing Handicap becomes **8.303....** After rounding, the Playing Handicap is **8**.

The player handicap is unaffected by the maximum handicap setting.
