Payable to: Buffalo District Golf Association
P.O. Box 538
Amherst, NY 14226

*9-hole clubs or associations of under 100 members pay \$150

Changes to the BDGA Junior Interclub in 2019

The BDGA has revamped the former team concept of the Inter-club Junior Golf in an effort to maximize participation and alleviate the commitment of our generous host clubs. The series has been replaced by three (3) stroke play individual events, with points awarded based on their finish, used as one metric to earn a spot on the Williamson Cup team. Club's no longer pay the \$200 fee for their juniors to participate, rather juniors will pay a \$30 fee to play in all three events, with signups going through the BDGA's tournament registration website (bdga.golfgenius.com). A full description of these changes will be provided to our members later in April.

Update on BDGA Executive Director Search

As you may have heard, the BDGA is currently searching with the NYSGA to hire a seasonal Executive Director to oversee the association's activities in support of amateur golf in WNY. Until this position is filled, Andrew Hickey and his team at the NYSGA will be handling all support related to the BDGA. You can reach him at their Syracuse office at 315-471-6979 or andrew@nysga.org.

The BDGA/NYSGA Partnership

BDGA is entering year-two of its new partnership with the NYSGA, which provides financial and tournament administration support, so the BDGA can further invest in amateur golf in WNY. We hope that you all have seen the progress we have made, and expect that will be the case as we head into the 2019 season.

Thank you for your support of the Buffalo District Golf Association and best wishes for a successful season.

Sincerely,

Bob Rosen
BDGA President
