

Brenna Callahan

Gannon University, Class of 2023
Major in Mechanical Engineering

Impact of NYSGA Scholarship:

“I had a great first year at Gannon. Although it was tough at times to balance schoolwork and a sport, I had a lot of fun and enjoyed the challenge. The fall golf season went really well and we won our conference championship! I am already looking forward to next season. I am extremely thankful for the scholarship. It has already been a huge help to my family and I. I know that in the future when I apply for internships/jobs it will help me out a lot.”
