

Ryan Davis

Fordham University, Class of 2022

Major in Finance

Impact of NYSGA Scholarship:

“During the summer of 2019 when I was looking to transfer out of Binghamton University, I was eyeing Fordham as a possible landing spot for me. It provided a change of setting and an opportunity to play college golf. However, Fordham is very expensive and the NYSGA Scholarship helped me to be able to better afford the tuition. This financial help has allowed me to attend Fordham where I am able to live out my childhood dream of playing collegiate golf and to make long lasting memories with my friends. The scholarship has also proved to be a motivator for me as I strive to meet the GPA requirements. The NYSGA has always been an organization that I've had a lot of great memories with, playing their tournaments throughout the years and now being able to qualify and receive a scholarship that allows me to attend a university I love.”
